

The High Barn: Wedding & private hire

High Barn is a stunning Grade II* listed medieval property, providing an imaginative combination of an historic timber-framed barn with state of the art facilities.

Pride is taken in the personal one to one service we offer. We will take time to go through each stage of your event to ensure the day is perfect.

High Barn is an all year round venue, with under-floor heating, for those colder winter days. It has been refurbished to the highest standards to provide a very attractive venue creating a unique and memorable ambience for your event.

Set in the attractive village of Great Bardfield, the barn offers your delegates a wonderful rural location yet conveniently only 25 minutes from Stansted Airport and with easy links to the A120 for access to Chelmsford, Colchester, Bishops Stortford and the M11. When you book a wedding reception or party at high barn you can be assured that your celebration will be unique to you. You get the character and relaxed atmosphere you would expect from an 800 year old barn but also modern facilities to rival any large venue, including excellent bar facilities and even full theatre sound & light facilities if required.

Additionally when you book the barn you get the experience of Jill McGrath a wedding planner with over 8 years in the industry.

High barn is very reasonably priced and not an over commercialised venue as many these days are. We do not insist on minimum guest numbers or minimum menu spend even on key summer dates

We have excellent suppliers that we recommend however we do not insist you use them so you can tailor your celebration to your specific requirements.

Catering: You are not tied to one in house caterer which means your wedding can be tailored to your budget and taste.

If you are looking for a more informal meal or even just canapés and evening buffet we offer fabulous and very reasonable in house menus.

Bar: We have a fully licensed bar facility. Our wine and bar prices are reasonable and various service options are available, alternatively you may wish to bring your own wine and pay a corkage fee.

Please contact us to find out more and how we can help to make your event a success.
